

**You've Been**

**Blessed**

The silent Angel has come to your town  
With Christmas blessings that you have now found  
If you hope to spread some holiday cheer  
Continue this greeting, as Christmas grows near.

Display this Angel for others to see,  
And leave it there until Christmas Eve.  
This will tell the next Angel to give to the rest  
To ensure the whole neighborhood will be blessed.

Make two gift bags and two copies too  
Then give them to neighbors, you decide who.  
As you drop off the blessings, stay out of sight  
For the very best gift came on a silent night.

And as you celebrate this holiday season,  
Make sure that you don't forget the real reason.  
Christmas began with a star shining bright  
When Christ Jesus was born on that O Holy Night.

**Merry Christmas**
